15 May 1979

MEMORANDUM FOR: Chief, SALT Support Staff  
FROM: Director of Central Intelligence  
SUBJECT: SALT Briefing for John McCone

Further to my memo of 11 May on a briefing for John McCone, he specifically asked me if there were any unclassified materials he could read up on the night before, such as the text of the Treaty. He would like to have them at the Madison Hotel when he arrives.
